

VictorReader[®] Stream

Humanware[™]

**Small in size,
Big on features!**

The only DAISY player
that offers you so much
in such a compact size

VictorReader[®]

Stream

Download your favourite books and MP3s on your Stream and leave home with your library in the palm of your hand. This versatile, powerful DAISY-MP3 and NISO player lets you read and navigate through complex books, such as reference manuals and school books, as well as novels and magazines and even reads the NLS new digital talking books. You can also use its built in text to speech to read books in text format such as Bookshare. And that's not all... there are many more functions, including an integrated microphone to record voice notes. No other DAISY player offers you so much in such a small package... and at such an affordable price.

Packed with DAISY functions

This little player packs a mighty punch, offering high performance and advanced navigation. Victor Reader Stream gives you access to a book with equivalent speed, flexibility and accuracy of reading a printed book. Full control is at your fingertips.

Your books and music go everywhere with you

Since it is ultra-compact and sleek, you can take it everywhere. No need to bring CDs with you... it stores everything in its SD memory card. Only the size of a deck of cards, it fits in the palm of your hand and can easily be carried in a pocket or clipped on your belt in its attractive case.

Hours of uninterrupted reading

Since you will not want to stop using it, Stream comes with rechargeable batteries providing up to 15 hours of uninterrupted listening time. So long trips become the perfect time to catch up on reading your favourite books.

“As part of my work, I often have to look through reference books. VR Stream is a valuable tool. It lets me go directly to a specific section or page and quickly find the information I need. When I relax, I use it to flip through a magazine that I’ve downloaded from the Internet. Wherever I go, my Victor Reader Stream is with me in my pocket.”

Extensive usability features:

- **All content organized on easy to understand Bookshelf interface**
- **Bookshelves: DAISY, non DAISY books, Audible books, Podcasts, music, text files, and voice notes. Just press key #1 to choose the bookshelf and left/right arrows to select the book.**
- **Variable speed playback with auto pitch correction**
- **Accelerated fast forward/rewind with audible feedback for skim reading**
Reading position and bookmarks saved separately for all books
- **Auto Sleep shutoff with multiple time settings**
- **Key lock feature**
- **Book and reading position information keys**
- **Built-in user guide and Key Describer**
- **Announcement of music album and track names and MP3 tags**
Music playlists and hot key for shuffle play
- **Audio tone control for books, bass/treble for music**
- **Connects to PC as a Windows USB drive to drag and drop files from PC to Stream**

Advanced Reading Features

- **Four-arrow keys for sequential navigation by chapter, section, page, paragraph, sentence, line, word, character, or bookmark**
- **Direct navigation: GoTo Page/Heading/bookmark number or Specified percent/time from start of book**
- **Built-in Text-to-speech plays computer documents including searching and spelling**
Extensive bookmarking features
- **Simple bookmark to mark an important passage**
- **Audio bookmark with recorded voice note like writing in the margin of a print book**
- **Highlight bookmark to mark start and end of a passage**
Bookmark alert to announce when you play over previously marked passages
- **Ability to switch between text and recorded audio of full text/full audio DAISY books**

“With Stream’s advanced navigation functions, I can easily follow the books my teacher refers to during my courses. I can bookmark important parts to study for exams. With the microphone, I can also record relevant quotes from my teacher.”
